

Healthwatch Warrington Priority Projects 2024/25

Healthwatch Warrington Priority Projects 2024/25

Project Name	Aims and Objectives	Rationale	Project Timeline
<p>Health Inequalities</p> 	<p>Looking at the current system To investigate patient experience Facilitating an Independent Health Inequalities University research To work with Public Health and the wider Place system partners Hard to reach groups.</p>	<p>High on Place and Cheshire and Mersey ICB agenda. Including Public Health and Health and Wellbeing Board. This was voted the number one priority at our public priorities event vote.</p>	<p>April 30th – March 31st 2025</p>
<p>Domiciliary Care</p> 	<p>Working with this highly isolated group of the public. Employed a specific dedicated Social Care Lead to work with individuals and carers to establish independent feedback of experiences. Surveys, one-to-one interviews and full reports will be published and shared with providers, commissioners, etc.</p>	<p>Investigate public concerns and positive feedback. This will allow a fully independent evaluation. This year, we will work with our Enter and View schedule to assess care homes.</p>	<p>April – March 2025</p>
<p>Dentistry under 5's</p>	<p>Work with the voluntary sector,</p>	<p>High on Places and Cheshire</p>	

	<p>including HomeStart and other groups that include parents, carers, and young people. Provide independent feedback, working with Place Leaders and the NHS.</p>	<p>and Mersey agendas. We will be working with system leaders and will await full data. This will ensure a further deep dive and collate feedback from parents and CYP. Also, it is a national issue attracting international interest due to poor and unacceptable dental services.</p>	<p>April – March 2025</p>
